Accommodation in Munich

Issue September 2026

This brochure provides an overview of different accommodation types in Munich to young people. Please note that the accommodation situation in Munich is generally difficult, as cheap lodging is hard to find. The Youth Information Centre **does not have and does not rent apartments or rooms** but gives advice where to search and apply.

➢ Apartments and rooms for rent & shared flats

Daily newspapers:

- **Süddeutsche Zeitung (SZ)**
  → Print version: Advertisements appear every Wednesday and Saturday
  → online version: www.sueddeutsche.de
- **Münchner Merkur and tz**
  → online version: www.merkurtz.immowelt.de
  (in cooperation with www.immowelt.de)

Free district newspapers:

District newspapers appear twice or three times a week. You can usually find them in the mailbox or in front of the flats' staircases:

- **Der Münchner Wochenanzeiger**
  → online version: www.wochenanzeiger.de/mietangebote
- **HALLO München**
  → online version: www.hallo-muenchen.de

Online rental platforms
(also for rooms in so called 'WG' = shared flats):

www.wg-gesucht.de (rooms)
www.heyroom.app (App for flat-sharing in Munich)
www.ingemeinschaft.org (NEW Matching furnished rooms)
www.immobilienscout24.de (rooms, apartments)
www.flatsforfriendz.com (Zimmer + Wohnungen)
www.immowelt.de (rooms, apartments)
www.quoka.de (rooms, apartments)
www.ab-ins-zuhause.de (apartments)
www.wohnungsboerse.net (apartments)

On www.facebook.de you can search for „groups" like „Wohnen in München" (living in Munich) etc.

Caution!

Beware of very cheap offers – it might be a fraud! Never pay money in advance before signing the rental contract or seeing the apartment.

What does 'WG' mean?

The acronym 'WG' stands for 'Wohngemeinschaft', which means a shared flat. Several people live together in one apartment and share the costs (rent, electric power, internet etc.). Everyone has their own room, while the kitchen and bathroom are shared. 'WG' is very popular among young people in Germany (especially students).

Our advice:

Use the websites from the previous list and create your own (free) advertisement as an accommodation seeker. In order to avoid spam and inappropriate responses, we recommend you to create an extra e-mail-address for this purpose. Try to keep your e-mail-name anonymously and do not name it after your real surname and given name.

2nd advice

Subscribe to „Budenschleuder", which is an e-mail newsletter. The newesletter contains private offers on rooms & appartments for rent. However mostly written in German. You can create your own ad and ask for publication in the upcoming newsletter.
→ Subscribtion via e-mail: budenschleuder@kraeftner.de

➢ Student accommodation, halls of residence & dorms

In general, students at German universities **do not receive accommodation on enrollment**. In practice, it means that not every applicant automatically gains a place in a dorm. Usually there are more applicants than places available.

The student halls of residence are run by various organisations. These are: the student union, church organisations (Protestant or Catholic), associations and commercial providers.

The Munich Student Union

Please note that **halls of residence** provided by **The Munich Student Union** (in German: 'Studierendenwerk München und Oberbayern') are **only** for **local students** of the associated colleges and universities. Students with parents in the catchment area of the MVV (Munich Public Transport) are NOT eligible to apply, nor are Erasmus, program and exchange students or interns.

Information and online application (for a maximum of three residences) at www.studierendenwerk-muenchen-oberbayern.de/wohnen/
There, you can also find information about the current waiting periods: usually several semesters depending on the residence.

→ The Housing Referral Service - Private room agency
The Housing Referral Service of the Munich Student Union passes on the details of private rooms to students who have not been offered a space in halls of residence. All current offers are posted daily on the internet. Please notice that the Munich Student Union is involved only in function of intermediary. For more information and registration, please contact the **Housing Referral Service** at: www.stwm.de/privatzimmer

→ Studying with a child or with a disability – advisory services:
- Phone +49 89 / 38196 -1252
- e-mail: haertefaelle@stwm.de

→ Exchange Students / Erasmus Students
The Munich Student Union offers a **'Servicepaket' (Service Package)** for students who participate in the international exchange programs of the universities. There are a limited number of 'Servicepaket' rooms, so it is important to apply early on! For more information, see: www.studierendenwerk-muenchen-oberbayern.de/en/servicepaket/

Accommodation Support for TUM students

Technische Universität München (TUM) offers **Housing Search Assistance** for their (international) students and scientists. For more information in English, see: www.tum.de/en/university-life/accommodations

IMPORTANT:
For all **the dormitories listed up to page 4, ONLY students at UNIVERSITIES and COLLEGES** can apply! Applications from apprentices and school students are not accepted.
Dormitories for apprentices and school students can be found **starting on PAGE 5.**

Important information and explanations

While searching for a place at halls of residence for school students, trainees, apprentices and volunteers, you may see words like 'Tagessatz' or acronyms like 'BAB' or 'BaföG'. Here we give you a short explanation of these terms:

Daily rate (in German 'Tagessatz')
'Tagessatz' means a daily rate. A **daily rate** includes lodging, (full) board, pedagogical support and leisure time activities.

BaföG
The acronym 'BaföG' stands for 'German Federal Law on Training and Education Promotion'. BaföG is a Student Grant (for school as well as university students).

BAB
The acronym 'BAB' stands for 'Berufsausbildungshilfe', which is the German Training Support Grant for trainees and apprentices.

BaföG respectively BAB are both financial support for those, who are not able to afford their study, training etc. on their own or with help of their parents. The amount of the support depends, among other things, on the housing costs. Several requirements have to be fulfilled in order to apply for BaföG / BAB. These requirements also concern matters of: permanent residence in Germany, the citizenship etc.
